dexa 2004 the 15th international conference on database and expert systems applications was held august 30 september 3 2004 at the university of zaragoza spain the quickly growing spectrum of database applications has led to the establishment of more specialized discussion platforms dawak conference ec conference egovconference trustbus conference and dexa workshop every dexa event has its own conference proceedings which were held in parallel with the dexa conference also in zaragoza in your hands are the results of much effort the work begins with the preparation of the submitted papers which then go through the reviewing process the accepted papers are revised to final versions by their authors and are then arranged within the conference program all culminates in the conference itself for this conference 304 papers were submitted and i want to thank to all who contributed to it they are the real base of the conference the program committee and the supporting reviewers produced altogether 942 referee reports in average 3 1 reports per paper and selected 92 papers for presentation at this point we would like to say many thanks to all the institutions that actively supported this conference and made it possible these were university of zaragoza faw dexa association austrian computer society

codependency book backcover the milky way galaxy and everything therein consisting of suns moons planets asteroids gases energy black holes and particles of dust among others are all infinitely connected to each other by gravity which holds everything together likewise codependency addiction similar to the earth revolving around our sun it too revolves around the absence of mother father or mother surrogate love in a child s life and beyond it is the primary source from which it originates develops and thrives within the mind body of an affected human being mother father and mother surrogate love is the fuel that drives the development of an infant through the dependency state one is born in into the higher conscious awareness interdependency state initially mother or mother surrogate love is used to assist their infant to self actualize namely to learn he or she is love by being loved by their parents if this most critical step is missed at a most critical time in the early development of an

infant from birth to six years old unfortunately the latter does not evolve emotionally to the interdependency state in which the child by this time knows one self as being love and who realizes simultaneously that it is necessary to give their love to another human being and by doing so one is enabled to learn and experience what it feels like to be loved when this irreplaceable process is carried out according to nature the child is embodied with the fundamental tool to transform self progressively into a work of art one of the many contributions this book makes to our understanding of codependency addiction is when a child does not evolve emotionally into the interdependency state he or she remains in a dependency state beyond appropriate years by six years old a child who has been adequately nurtured with love from the outset develops in their brain what is called love circuits in the absence of mother or mother surrogate love during this crucial time these circuits empathy kindness caring altruism friendship compassion etc are replaced with others such as anger shame denial guilt low self esteem not good enough unworthiness narcissisms ego etc it is in this developmental space we find the origin of codependency addiction manifested in an affected person s adult life unable to make genuine friends and be loved both of which are cornerstones of the interdependency state fear and self preservation emerge as a daily preoccupation and concern this book outlines in detail how codependency addiction is repressed within one s injured and wounded self and because of denial and projection a web of deception is employed to go along to get along although the hypnotic rhythm makes healing more formidable as the years pass the solution is determination to shatter denial marteau x received his doctor of philosophy degree from the university of colorado boulder in 1977 he has spent 40 years studying social philosophy and dialectical materialism including alienation and psychology he lives with his family in baltimore md
